- Inspections are purchased (separately from dues) at the rate of:
 - \$100 for Island or Mainland properties with one main structure on the property
 - \$25 for each additional large structure on the same property such as a guest cottage, garage, boathouse, etc.
- The new 'Under 40' membership category, with dues of \$25, has been created to encourage more young adults to become involved in the LCIA; for example, the young adult children of primary property owners. The Under 40 Member is not eligible to purchase inspections.
- If the primary property owners are under the age of 40, they should pay full membership dues of \$50, and are eligible to purchase inspections.
