

Purchasing Winter Property Inspections Draft of April 18, 2022

LCIA Members can purchase winter inspections for their mainland and/or island properties. Before purchasing an inspection, please verify that your “First Inspection” and “Second Inspection” profile fields are accurately filled out with structure location, additional significant structures to be inspected, and notes about each property that could be helpful to inspectors.

The “2022-2023 Inspections” payment form is listed on the Home page. Simply click on the “\$ Pay Now” link to continue. Inspection payment forms for subsequent years will be posted each spring.

The screenshot shows the 'memberplanet' website interface. On the left is a navigation menu with options like Home, Inbox, Events, Photos, Discussions, Packets, Directory, Participation tracker, Member circles, History, My profile, Privacy settings, Profile page, Payment info, Create a new group, My groups, Help & FAQs, and Search. The main content area displays the user's profile for 'Phileas Fogg' with a '45% profile complete' badge. Below the profile is a 'My member levels' section showing 'LCIA' membership with a 'Due date 7/1/2022' and a 'Renew' button. A 'Profile' section indicates '45% complete' and offers to 'Log in to Facebook' to import information. Two promotional cards are visible: 'LCIA 2022-2023 Inspections' and 'LCIA Support the LCIA Mission', each with 'share' and '\$ pay now' buttons. At the bottom of the main content area are 'Inbox' and 'Events' sections.

The payment form lets you select inspections for one or two structures. The first and second structures should be consistent with those entered in your Member Profile. Simply complete the form and enter your payment information.

Once your payment has been made, the LCIA will update the “paid thru” and “inspector name” fields on your Member Profile.

Once you purchase your inspections, you should not change the inspection address information on your Member Profile until early in the next calendar year as this information is used by the LCIA to construct inspection routes.

Please see the “About Winter Property Inspections” document on the LCIA website for information about how winter inspections are conducted.
